## Principals Circular

Dear parents, teachers & students,

As the school is closed for the summer vacation it is with great concern I want to bring to your notice that one of much dangerous and matter of grave concern has been the misuse of technologies especially by the youths and children. It is well said that "we should use technology, not technology use us." unfortunately, children and youths of today's generation are much attracted towards technology without positive applications of it. For instance, children are dangerously attracted and addicted to video games, pornography, Instagram, FB and other counter-productive websites which does not have any progressive impact on them. Thus, there is a need of creating awareness and proper counselling to our children as they are the future of the society and the resources of the nation. As parents, teachers, guides let us take up the responsibility together and help our children to grow as better and responsible human person. As a matter of concern let us take together some preventive steps to keep them away from such negative effects of the technologies, such as:

- Do not give them mobile or allow them to use in front of you.
- Avoid / limit Social media use.
- Keep an eye on your child while using mobile.
- Set aside study time.
- Do not allow children to sleep and rise with mobile.
- Teach them the good and bad side of it.
- Try to know their friends to whom they talk.
- Create a friendly atmosphere between parents and children, brothers and sisters.
- Keep an eye on their movement and friends circle.
- Do not allow them to play with mobile for longer duration.

Kindly note:

- School remains closed till 30 June, 2026.
- Reopens on 1 July, 2026.
- Kindly get it done all your homework, assignments etc. when you come to school.
- School timing will be made known to you later.
- Have a fruitful summer vacation.

Best wishes,

  
Fr. Bipin O.F.M Cap  
Principal
